### **INTRODUCTION:**

The Federal Student Right to Know, Crime awareness and Campus Security Act referred to as the “Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act” as amended by the Higher Education Opportunity Act of 2008, requires institutions of higher education to prepare, publish and distribute a report concerning certain campus crimes and fire statistics, as well as, policies concerning security, personal safety, fire safety, emergency response and missing on campus residential students on an annual basis through appropriate publications, mailings or computer networks to all current students and employees and all prospective students and prospective employees upon request. This publication contains the annual report concerning specific campus crime and arrest statistics, fire statistics, as well as information about campus policies and practices intended to promote awareness, campus safety and security.

The law enforcement unit of the CSUPD is a team of professionals working to provide a safe environment in which the educational mission of the University can be fully realized. CSUPD is a service-oriented department, tailored to meet the needs of an urban-centered institution. We provide crime prevention and control, awareness initiatives, criminal investigations, traffic, physical plant security, disaster coordination, as well as maintenance of public order and other related services. CSUPD officers are responsible for the enforcement of all state and local laws. The department’s ability to function as an independent law enforcement agency provides a sensitive, measured approach to all situations requiring police assistance, while still maintaining the autonomy of the University.

### **JEANNE CLERY ACT:**

The Jeanne Clery Act is named in memory of 19-year-old Lehigh University freshman Jeanne Ann Clery who was raped and murdered while asleep in her residence hall room on April 5, 1986. Jeanne’s parents, Connie and Howard discovered that students had not been told about 38 violent crimes on the Lehigh campus in the three years before her murder. They joined with other campus crime victims and persuaded Congress to enact this law.

The law was amended in 1992 to require that schools afford victims of campus sexual assault certain basic rights and was further amended in 1998 to expand the reporting requirements. The 1998 amendments also formally named the law in memory of Jeanne Clery.

The law was most recently amended in 2000 to require schools effective 2003 to notify the campus community that public Megan’s Law information about registered sex offenders on campus can be obtained at: [www.familywatchdog.us](http://www.familywatchdog.us)

## **TIMELY WARNING:**

Whenever a violent or a major crime occurs on campus, CSUPD believes the safety of the campus community is at risk. The Chief of Police or the Operational Lieutenant determines when a timely warning should be distributed without delay to help prevent crimes or serious incidents. CSUPD, in conjunction with Office of University Relations (OUR) issues campus safety alerts in a timely manner to notify community members about certain crimes in and around our community.

**A timely warning will be issued if a violent crime and/or a Clery Act Crime within our geographical area is reported to a CSA or to CSU by local law enforcement and poses an ongoing and serious threat.** Members of the community who know of a crime or other serious incident should report the incident as soon as possible to CSUPD so that a campus safety alert can be issued if warranted.

When a community member reports a crime or serious incident to a campus security authority, those authorities will notify the CSUPD. Campus Security Authority will promptly notify and collaborate with the CSUPD to issue a campus safety alert if one is appropriate.

The department distributes campus safety alerts in various ways. Once the University determines an alert should be issued, the department will have a recorded phone message sent stating the incident and area with instructions for the community to follow. Messages will also be sent by e-mail, twitter, and Facebook through Blackboard Connect.

## **CAMPUS SECURITY ACT:**

The Campus Security Act mandates all colleges and universities to:

Prepare, publish, and distribute an annual report by October 1<sup>st</sup> that contains three years of Campus crimes statistics and fire statistics, as well as policies concerning security, personal safety, fire safety, emergency response and missing on-campus residential students, on an annual basis through appropriate publications, mailings or computer networks to all current students and employees, and all prospective students and prospective employees upon request. This publication contains the annual report concerning specific campus crimes and arrest statistics, fire statistics, as well as information about campus policies and parties intended to promote awareness, campus safety and security. This report is prepared by CSUPD. With the assistance of Coppin's Human Resources Department, Student Affairs, and Coppin's Title IX Coordinator, Public Safety has gathered information from our campus' policies, procedures, and practices. Published are timely warning notices of those crimes that have occurred and pose an on-going threat to students and employees. Disclosed in public crimes logs are crimes that occurred on campus or within the patrol jurisdiction of the CSUPD.

The statistics for this report are collected by CSUPD or local law enforcement and other university officials such as Human Resources and Student Life, who have significant responsibility for students and campus activities. Copies of this report may be obtained from the CSUPD located on the second floor of the PEC Building or by visiting our web page located at:

### **EMERGENCY NOTIFICATION:**

Emergency Notification Emergency notification and communication with both internal and external stakeholders is a critical element of emergency management. Each emergency situation has unique circumstances and requirements. CSU emergency managers must be flexible when meeting their requirements to notify stakeholders of an emergency and when directing emergency response actions. However, the normal sequence of notification is as follows:

- A member of the campus community identifies an emergency situation and calls the University Campus Police;
- University Police evaluate the situation, act within the scope of their operational responsibilities, and make appropriate notifications to internal and external stakeholders;
- First responders follow the principles of the Incident Command System;
- The Incident Commander (IC) assumes command, establishes an Incident Command Post (ICP) and assigns responsibilities to his Command and General Staff members;
- The University Campus Police notify the CSU Emergency Management Director (EMD) of a campus emergency;
- The EMD notifies the Emergency Management Team (EMT) and designates an Emergency Operations Center (EOC);
- The IC determines the need and scope for campus notification and gives such direction to the Public Information Officer (PIO) – (Communications Director - University Relations);
- The EMD determines the need and scope for supplemental campus notification and gives such direction to the Director of University Relation.

### **AUTHORITY:**

The Education Article 13-601 of the Annotated Code of Maryland establishes the authority by which the Coppin State University Police Department (CSUPD) conducts its day-to-day operations. In accordance with the law, CSUPD officers have all the powers of any peace or police officer in the state including the authority to make arrests. Furthermore, CSUPD is the primary agency responsible for policing property owned, leased, operated and/or controlled by the University. For CSUPD to better serve the University community, the University has entered into a “Concurrent Jurisdiction Agreement” with the Baltimore Police Department. Under this agreement, in addition to our statutory jurisdiction and authority, the Baltimore Police Commissioner has given enforcement authority to CSUPD in those areas considered to be contiguous to the University. The CSUPD and the Baltimore Police Department have a mutual and positive working relationship, providing assistance and expertise to each other as needed. With regards to the safety of the University, CSUPD doesn’t with any other agencies. However, if an internal investigation is conducted, Maryland State Police are then involved.

### **EMERGENCY DECLARATION:**

The President or his designee shall declare a State of Emergency upon the recommendation of the Chief of Police. At that time, the President or designee will set in motion emergency procedures

and determine if the institution should be partially or completely closed. The order of succession or authority directing an emergency is as follows:

- Vice President Administration and Finance
- Vice President and Chief Information Officer
- Vice President of Enrollment Management and Student Affairs
- Provost and Vice President of Academic Affairs

In an emergency, the decision-making meeting, if possible, will take place in the President's Office located on the 2nd Floor of the Parlett L. Moore Library. If inaccessible, the meeting will take place in the Vice President of Administration and Finance's conference room located on the 2nd Floor of the Miles W. Connor Administration Building.

For more information about disaster relief and readiness, please visit the website of the following agencies:

American Red Cross- [www.redcross.org](http://www.redcross.org)  
Maryland Emergency Management Agency – [mdem.maryland.gov](http://mdem.maryland.gov)  
Federal Emergency Management Agency (FEMA) – [www.fema.gov](http://www.fema.gov)

The preparedness of this campus in case of an emergency incident is a high priority issue. Any change in the national threat level will be closely monitored as well as specific threats to the safety of the Coppin State community. Information concerning the safety and security of this campus will be disseminated to the community through all available avenues of campus communication (emails, text message system, etc.) and if applicable, any recommended campus actions will be detailed.

CSUPD automatically implements response protocols based upon the current threat level at the national and local level to mitigate risk at this institution. These response protocols activate different levels of operational activities undertaken by the CSUPD to provide enhanced services to the community and to engage the community in a collaborative state of vigilance against threatening activities. The Coppin Police Department would like to make you aware of the impact that a heightened state of alert has to the campus community by providing general information about the institutional response the campus can expect and what is expected of community members during these uncertain times.

Coppin Police Department continually reviews and revises procedures that are needed to implement the state of preparedness policy during critical incidents that occur on campus. The new policy/procedure will include:

1. Establishing an emergency response based on federally designed Incident Command System protocols;
2. Implementing a Disaster Response Protocol model based upon an Incident Response Team comprised of high-level campus administrators, an Emergency Operations Center comprised of major resource holders, and an Incident Command System team comprised of CSUPD officers trained to coordinate on-scene activities at major incidents.

3. Implementing an Early Warning System Emergency Program to provide instant notification of the campus community to imminent dangerous conditions. Upon activation of the Early Warning System Emergency Program, campus community members should:
  - Seek shelter within the closest building;
  - Seek information about the emergency from the following resources;
    - + [www.coppin.edu](http://www.coppin.edu)
    - + (410) 951-3000 - Main Campus Line
    - + (410) 951-3900 – CSUPD (Coppin State University Police)

For the duration of any heightened threat condition, the CSUPD will engage in the following activities on a daily basis to augment normal safety and security activities:

- Maintaining an institutional liaison with local, state, and federal agencies to facilitate information sharing with the campus community; and,
- Providing increased uniformed police officer visibility at designated areas and during campus special events;

The Office of University Relations (OUR) will communicate information on emergencies to the media and campus community. OUR utilizes text messages via cell phone, messages posted on the home page of the Coppin State University web site, television, radio, internet, and other media outlets to communicate with surrounding communities. The President notifies the Chancellor and the University Systems of Maryland Board of Regents in the case of an emergency.

Coppin State University’s state-of-the-art notification system sends messages instantly and simultaneously to all registered voice and text message capable mobile phones, Blackberry’s, Smart or Satellite phones, E-mail, Facebook, and Twitter. The service will also post these messages on the University’s web site. Additionally, the messages will pop up on the computer screen for anyone using Google, Yahoo as their home page. Students, faculty, and staff are strongly encouraged to register for Blackboard Emergency Notifications. This will be the surest way for you to receive notifications critical to your safety and well-being, as well as other campus information you may want to receive.

Coppin State University will without delay and taking into account the safety of the community, determines the content of the notification and initiate the notification system, unless issuing a notification will, in professional judgement of responsible authorities, compromise efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency.

### **Emergency Communication Plan-**

The campus emergency communication plan outlines emergency notification and communication procedures for communicating with the campus and local community, external stakeholders, and the media. In the event that there is a significant emergency or dangerous situation involving an immediate threat to the health or safety of students or employees the Coppin State University Department of Public Safety makes an assessment and notifies the chain of command in Public Safety to determine the next step. First responders follow the principles of the Incident Command System.

Meanwhile, police officers and supervisors on the campus know how to respond to an emergency and respond accordingly. In part, that response is the appropriate notifications up the chain of command. The chain of command in turn notifies the Vice President of Administration and Finance as well as the Office of the President. In addition, the Director of Communications (PIO) is notified as well. At this point, the President and the Vice President of Administration and Finance have the opportunity to direct next steps with regard to notifying the campus of the significant emergency or dangerous situation involving an immediate threat to the health or safety of students or employees. Notifications to the Coppin Campus Community are sent out by our Blackboard Connect Emergency Notifications System. This notification is by the authority of the President or Vice President of Administration and Finance. In the absence of the President or Vice President of Administration and Finance, the notification to the Coppin Campus Community is made by the Director of Public Safety in conjunction with the Director of Communications (PIO). The content of the significant emergency or dangerous situation involving an immediate threat to the health or safety of students or employees is derived from the particular situation. There are scripts for general situations and then there may have to be a narrative drawn up to match the significant emergency or dangerous situation. Coppin State University will, without delay and taking into account the threat level and the safety of the Coppin Campus Community, make the appropriate notifications to the Coppin Campus Community. However, if the appropriate notification would in any way jeopardize the safety and welfare of the Coppin Campus Community other mitigating safety measures would be implemented until such time as the appropriate notifications to the Coppin Campus Community could take place. Coppin State University utilizes the Blackboard Connect System to conduct mass notifications to the Coppin Campus Community in all aspects of necessary information sharing, to include emergencies. Coppin State University's state-of-the-art notification system sends messages instantly and simultaneously to all registered text message capable smart phones, tablets, I-pads, or Satellite phones, and e-mail addresses. The service will also post these messages on the university's Web site. Additionally, the messages will "pop up" on the computer screen for anyone using Google or Yahoo as their home page.

### **Building Emergency Response Plan-**

Designed to aid during campus emergencies, each facility has a Building Coordinator trained to work with first responders during certain emergencies. Each facility also has Emergency Captains on each floor to assist the Building Coordinator should either shelter-in-place or evacuation be necessary.

### **Emergency Evacuation Plan-**

Each campus facility has a plan which provides specific directions on evacuation during an emergency. Emergency Captains are selected for each floor of campus buildings to assist during an emergency. The Emergency Captains are trained in their duties and responsibilities and report to the University's Director of Emergency Management Services/ Deputy Chief of Police.

## **Emergency Drills, Training, Testing & Evacuation Procedures:**

Mitigation and Prevention Programs: The University conducts mitigation and prevention activities to reduce the potential for and impact of emergencies on the University and the local community. The goal of these programs is to reduce potential hazards and vulnerabilities to the University and their impact if they should occur. These programs include comprehensive security, safety, and fire prevention programs. They are integrated into every aspect of university business from the Coppin State University Emergency Operations Plan the design and construction of new buildings, background checks of employees, and ongoing programs to identify and mitigate hazards.

### **Preparedness Programs and Activities:**

The University prepares for emergencies through a systematic process of vulnerability assessment and readiness exercises. Preparedness activities include:

- Identifying and obtaining emergency equipment and resources.
- Emergency planning and program development to include ongoing emergency response training.
- Emergency Building Coordinators and Floor Captains program, monthly meetings of the Emergency Management Team, and the development and maintenance of Continuity of Operations Plans.
- Conducting periodic exercises to identify weaknesses in emergency response plans and capabilities and taking corrective action to address these.
- Comprehensive training of emergency personnel.
- Conducting periodic inspections of facilities for hazards and new risks.
- Conducting a comprehensive annual vulnerability risk assessment.

### **Response Programs:**

The University shall respond promptly and in an appropriate manner to all emergencies. The University shall base its response on the following priorities:

- **First Priority:** Life Safety
- **Second Priority:** Incident Stabilization
- **Third Priority:** Property Conservation

### **Progressive Response to an Emergency:**

Understand the Situation: The first step to responding to an emergency is to gather, record, and analyze information in a manner that will facilitate:

- o Increased situational awareness of the magnitude, complexity, and potential impact of the incident.
- o The ability to determine the resources required to develop and implement an effective IAP.
- o Determine command and general staff needed to manage the emergency.

Establish Incident Objectives and Strategy: Next, incident objectives must be developed and prioritized for the response to the emergency. The incident objectives must conform to the legal obligations and management objectives of all affected campus units and responding agencies.

Reasonable alternative strategies that will accomplish overall incident objectives should also be identified, analyzed, and evaluated to determine the most appropriate strategy for the situation at hand. Evaluation criteria include public health and safety factors, estimated costs, environment, legal, and political considerations.

Develop an Appropriate Response Plan: Determine the tactical direction and the specific resources, reserves, and support requirements for implementing the selected strategies and tactics for the operational period. Before formal planning meetings, each member of the Command and General Staffs is responsible for gathering information pertinent to their role in the response.

Prepare and Disseminate the Response Plan: Prepare the response to the emergency in a format that is appropriate for the level of complexity of the incident. For the initial response, the format is a well-prepared outline for an oral briefing. For most incidents that will span multiple operational periods, the plan will be developed in writing according to ICS procedures.

Execute, Evaluate, and Revise the Response Plan: The planning process includes the requirement to execute and evaluate planned activities and check the accuracy of information to be used in planning for subsequent operational periods. The General Staff should regularly compare planned progress with actual progress. When deviations occur and when new information emerges, that information should be included in the first step of the process used for modifying the current plan or developing the plan for the subsequent operational period. For simple incidents of short duration, the IAP will be developed by the Incident Commander or that person's designee and communicated to subordinates in a verbal briefing. The planning associated with this level of complexity does not warrant a formal planning meeting process as highlighted above.

- Conditions that may warrant a written IAP include when:
  - o Two or more jurisdictions are involved in the response.
  - o The incident continues into the next operational period.
  - o A number of ICS organizational elements are activated (typically when General Staff Sections are staffed).
  - o It is required by agency policy.
  - o A HAZMAT incident that has a potential to expose the public to hazardous materials (IAP required).

Written Incident Action Plan (IAP): A written IAP shall include the following elements:

- A clear statement of objectives and actions.
- A basis for measuring work effectiveness and cost effectiveness.
- A basis for measuring work progress and providing accountability.
- Documentation for post-incident fiscal and legal activities.

### **IN CASE OF EMERGENCY:**

In case of an emergency on campus, we strongly encourage you to keep your own supply of food and water to last for at least a day or two. You should also consider keeping items such as a flashlight, spare batteries, a portable radio, medicine, and other necessary personal supplies in your office area and/or dormitory room. In the event of a campus emergency, we will utilize all available State and Federal disaster relief agencies such as the Federal Emergency Management Agency

(FEMA) and the Maryland Emergency Management Agency (MEMA) to provide food and water. Providing information about all disaster scenarios is impossible given the variety of potential threats that might occur.

CSUPD continually reviews and revises procedures that are needed to implement the state of preparedness policy during critical incidents that occur on campus. The new policy and procedures will include establishing an emergency response based on federally designed Incident Command System Protocols, implementing a Disaster Response Protocol model based upon an Incident Response Team, comprised of high-level campus administrators, Emergency Operations Center full of major resource holders and an Incident Command System team consist of CSUPD officers trained to coordinate on-scene activities at major incidents. Implementing an early warning system to the emergency program will provide instant notification to the campus community and imminent dangerous conditions. For the duration of any heightened threat condition, CSUPD will engage in the following activities daily to augment normal safety and security activities:

The institutional liaison along with local, state, and federal agencies will facilitate information involving the campus community and provide increased uniformed police officer visibility at designated areas and during campus events planned.

Upon activation of the Early Warning System Emergency Program, campus community members should:

Seek shelter inside the closest building.  
Call Coppin Police Department, (410) 951-3900.  
Call Main Campus, (410) 951-3000.

**E-911:**

Act at Coppin State University since 2010, any person who dials "911" from any campus phone will instantly be connected to the Baltimore City Police Department, E-911 system and the Coppin State University Police Department and will simultaneously receive an emergency alert with the building and location. An officer will be immediately dispatched to that location. The E-911 system is an emergency alert system that identifies the specific location of the caller and directory telephone number. Federal regulations were passed in 2018 called Kari's Law and the Ray Baum Act, legally requiring all U.S organizations to comply with E911 requirements.

### **INITIAL INSTITUTIONAL RESPONSE:**

Upon receipt of a missing student report, the CSUPD will promptly begin efforts to locate the student on campus or at other sites controlled by the University through working closely with the Division of Students Life and other relevant departments such as the Office of Residence Life (by contacting the Director of Residence Life) and/or the Academic Department in which the missing student is enrolled.

Initial efforts to contact the student may involve telephone, e-mail, text message or other electronic communications such as the usage of a meal plan card or building access card. University personnel authorized by CSUPD, or the Vice President of Student Life may attempt to contact the student at his or her housing assignment on campus or at his or her residence. If a student who resides on campus does not respond to initial efforts to make contact, Student Life or other authorized Office of Residence Life personnel may enter the student's room in order to assess the condition of the room and look for clues to explain the student's absence. CSUPD will request that Student Life personnel enter student rooms. University personnel authorized by CSUPD, or Vice President of Student Life may pursue such additional or other investigative activities that are considered reasonable under the circumstances.

### **INSTITUTIONAL RESPONSE AFTER DETERMINING A STUDENT IS MISSING:**

When CSUPD and the Vice President of Student's Life determine that the student has been missing for a period of 24 hours, or if the University cannot locate the student and determines that the student appears to be missing as defined under this policy:

CSUPD will initiate an investigation of missing person(s) and children (including runaways, abandonment, abducted, or other missing status) and will submit a missing person report on all persons deemed missing from the agency's primary jurisdiction. CSUPD will involve Local Law Enforcement and other Law Enforcement agencies in its efforts to locate a missing student within two hours of confirmation of the missing person.

### **STUDENT'S OPTION TO IDENTIFY PERSONS TO BE INFORMED:**

**Students in University Housing:** At the time that a student initially registers for classes or is accepted as a resident in university housing, the student will be given an opportunity to designate an emergency contact, which would be used in the event of an emergency, or the student is missing. This information can be updated at any time by the student.

**Confidentiality:** Missing Person contact information will be maintained by the University as a confidential student record and will be accessible only to specifically designated authorized University officials. This confidential information may not be disclosed except to Law Enforcement Personnel or designee in furtherance of a missing student investigation.

**Students Under 18:** The University will inform students under the age of eighteen that, in the event they are emancipated and determined to be missing, their custodial parent or legal guardian must be notified.

## **CRIME PREVENTION:**

CSUPD continuously patrols the campus in and out of builds as well as around the entire perimeter to assure a high level of security. As a routine part of patrol duties, officers look for potential safety hazards such as defective lighting, inoperative doors and locks. Coppin State University does not have any off-campus student organizations that must be disclosed. Furthermore, currently there are no student organizations that control or own property on or off campus grounds.

Any concerns may be reported by calling the following departments:

Facilities: 410-951-1234

Campus Police: 410-951-3911

## **CAMPUS SAFETY MONTH:**

September is safety awareness month. During the month of September there are a variety of activities promoting safety awareness. Such activities include violence against women, dating violence, stalking and rape prevention.

## **COPPIN STATE UNIVERSITY COMMUNITY:**

We are calling upon you as a member of the community to be vigilant in immediately reporting suspicious activity that you observe on campus. Your knowledge of personal space and areas you frequent on campus enable you to best judge persons or conditions that are out of place or suspicious. When you observe anything that seems out of the ordinary, we encourage you to immediately call the campus police at x3911 from any campus phone or 410-951-3911 from an off-campus line or cell phone. Your assistance in alerting us to suspicious conditions, events or persons is a critical component of maintaining a safe and secure campus. CSUPD is depending on a collaborative campus community to maintain safety successfully at this institution.

## **YOU CAN ALSO REPORT A CRIME TO CAMPUS SECURITY AUTHORITIES:**

The Clery Act mandates that institutions disclose statistics for crimes reported to Campus Security Authorities. The intent of including Non-Law Enforcement personnel as Campus Security Authorities is to acknowledge that many individuals are hesitant about reporting crimes to the police but may be more inclined to report incidents to other campus-affiliated individuals.

### **Campus Security Authority (34 CFR 668.46(a))**

The Clery Act regulations define a campus security authority as a member of a Police Department or a Campus Security Department of an institution;

Any individual or individuals who has responsibility for campus security but who do not constitute a CSUPD or a Campus Security Department (e.g., an individual who is responsible for monitoring the entrance into institutional property).

### **HOW TO REPORT A CRIME /COMPLAINT:**

CSUPD operates 24 hours a day, 365 days a year and is a fully staffed recognized law enforcement agency. Each incident is investigated by a professional full-time police officer and followed up by a full-time investigator. Our follow up process strives to identify and prosecute criminals, recover stolen property, and encourage restitution, when possible.

It should be noted that because Coppin State University is a publicly funded institution certain information is not protected and must be made public. The law makes provision for the protection of some information if it meets certain criteria set in the law, however, information that does not meet those criteria must be made public. Therefore, the University through its department of Campus Police and/or other “Campus Security Authorities” cannot assure confidentiality of information in all cases.

How to be an active Bystander. Bystander intervention means safe and positive option that may be carried out by an individual or individuals to prevent harm or intervene when there is a risk of dating violence, domestic violence sexual assault or stalking

## **REPORTING CRIMINAL ACTIVITY:**

CSUPD has primary jurisdiction and responsibility for investigating crimes and providing police services to the campus community. In keeping with Federal guidelines, it is the policy of Coppin State University that all crimes specified by the Federal Student Right-to-know, Crime Awareness and Campus Security Act now cited as the “Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act,” (Clery Act) as amended by the Higher Education Opportunity Act of 2008, all reported crimes to any campus security authority must be relayed to CSUPD. CSUPD and Baltimore City Police have entered into a memorandum of understanding to engage in cooperative initiatives to ensure the safety of Baltimore residents.

Professional and pastoral counselors are exempt from this requirement when they are acting in their official capacities. There is no procedure to encourage counselors to inform those whom they are counseling of any procedures to report crimes on a voluntary, confidential basis. However, reading material is provided campus wide to inform students and staff of their right to get help in a safe and confidential manner.

Each incident is investigated by a professional full-time police officer, followed up by an investigation conducted by a fulltime investigator. Our follow up process strives to identify and prosecute criminals, recover stolen property and encourage restitution, when possible.

## **Limited Voluntary/Confidential Reporting:**

CSUPD encourages everyone who is a victim of a crime or witness to promptly report the incident to the police when the victim of such crime elects or is unable to make such a report. Because police reports are public records under state law, CSUPD may not hold reports of a crime in confidence. However, a law enforcement investigation is not required for every CSA Report. Confidential reports for the purpose of inclusion in the annual disclosure of crime statistics can generally be made to other campus security authorities as described. The Clery Acts mandate all institutions disclose statistics for crimes reported to the local agencies and crimes reported to campus security authorities (CSA). The intent of including non-law enforcement personnel such as CSA is to acknowledge that many individuals and students in particular are hesitant about reporting crimes to the police but may be inclined to report to other campus-affiliated individuals.

### **STAFF AND STUDENT SECURITY:**

Students are informed of CSUPD's security procedures and practices at the beginning of each semester, during new student orientation, at this time they are given vital information on how to stay safe and secure when on campus and accessing its facilities. Campus staff are informed of CSUPD's procedures and practices during employee orientation and annually thereafter. CSUPD's practices encourage staff and students to be responsible for their own security and the security of others to assist with its "See something say something" policy. In addition, CSUPD holds an annual Safety Walk during the month of September in which all information regarding Campus Safety can be found. Information regarding student and Staff safety measures reads as follows:

### **FACULTY/STAFF RESPONSIBILITY:**

As faculty and staff members, you should feel safe in your work environment. In the past, a number of tragedies have occurred on college campuses in the United States. Some of these tragedies occurred in a classroom. The CSUPD is committed to working with the University officials, first responders, all levels of law enforcement and the community to prevent a tragedy from occurring on our campus because of this in staying firm to our commitment to making Coppin State University a safer environment; the CSUPD is re-evaluating the policies and providing its officers advanced training as it relates to potential threats, prevention measures to alleviate the threat and procedures required to stop and action from occurring.

### **Office Safety:**

Most faculty, staff, work-study students, and student organizations work in an office environment. This situation poses a special concern due to the high amount of traffic traveling through buildings and offices. The best plan to mediate the traffic is to be a good ambassador for the department and University. If you see someone who appears lost, out of place or loitering, approach and offer assistance or directions. If their business is legitimate, you have created a good impression. If it is not, you have put the person on notice that security awareness is a priority. You have also taken the opportunity to get a good description. If the answer you get seems evasive, hostile or otherwise unsatisfactory, call campus police. If the person is clearly a threat to safety or property, or is acting in a strange or bizarre fashion, avoid contact and call campus police immediately.

### **Open Your Door:**

Keep your office or classroom door open or cracked when meeting with individuals. You may also want to arrange your office with the desk closest to the door. Should you encounter a difficult student or colleague behavior, you'll have an accessible exit if threatened and your voice will carry more effectively. Familiarize yourself with your cell phone and its emergency features.

### **Observe and Be Alert:**

In many instances of violence, there are warning signs in advance. Take note of unusual or troubling student or colleague behavior and alert the CSUPD about the concerns. The buddy system works for staff as well. Walk with someone to your car at night or to a late meeting across campus. Try to work during normal working hours so that you are never alone in your department. Students may come in for advice and may ask you not to disclose sensitive information shared. You are obligated to disclose information to the appropriate personnel that may pose a threat to themselves or to others.

### **Save Written Correspondence:**

Keep a record of all written exchanges you have with colleagues and students. Should a problem arise, you may need the files to establish a pattern of behavior. Documentation is very important!

### **Points to Remember:**

If you receive a threatening e-mail, text message or instant message, or experience potential stalking behavior, save it, and let your Department Chairperson and CSUPD know immediately. It's not an overreaction to take these types of threats seriously. Don't wait until you receive several threats. Trust your instincts.

### **Tips for being safe in your Office:**

- Do not loan out office keys or allow them to be copied.
- Keep your purse, wallet or other valuables **LOCKED** in a cabinet or drawer.
- If your office will be unattended at any time, **LOCK** the door.
- Record the description and serial numbers of office equipment.
- Keep **PETTY CASH LOCKED** at all times and make periodic checks of the amount.
- **LOCK** doors and windows at the end of the working day.
- Never prop open exterior doors. Don't hold the door open for anyone that you don't know.
- Call the CSUPD for a Security escort if leaving your office late at night, or anytime you may feel unsafe. You can always ask CSUPD for more personal safety tips. We are happy to address any questions or concerns you may have about safety in residence facilities, academic buildings, and administrative buildings.

**STUDENT RESPONSIBILITY:** The cooperation, involvement, and personal support of students in a campus safety program are crucial to the program's success. Students must assume responsibility for their own personal safety and security of their personal belongings by taking simple precautions. The student's awareness of their environment and surroundings is the best place to start.

- Exterior doors to the residential areas should never be propped open.
- Residents should ask visitors to identify themselves before allowing them access to the building and/or their rooms.
- Key(s) and Coppin State identification cards should be carried at all times and **never** loaned to others.
- Cars should be parked in well-lit areas and kept **Locked** at all times.
- Valuables should be concealed.

### **Staying Safe on Campus and in your Classroom:**

Whether you are living on or off campus, there are simple things you can do to keep yourself safe:

- Always **lock** your doors.
- Do not allow strangers into your room; Ask for identification.
- Do not post notes stating your location or provide personal information.
- Keep your valuables out of plain sight; do not have too many valuables on campus.
- **Never** give out your room key or card. If you cannot locate your key or card, report it to the appropriate staff immediately. Someone can use it to gain entrance to your area and put you and your roommate in danger.

### **BE YOUR OWN ADVOCATE BY TAKING THE FOLLOWING STRATEGIES SERIOUSLY:**

#### **Keeping Yourself Safe:**

- If you receive obscene phone calls, e-mails or text messages keep track of the caller's information and the caller's comments.
- Turn everything over to Campus Police and Coppin Security Authority.
- During the evening hours, do not walk alone.
- If you feel that someone is stalking you, report it to Campus Police immediately. A restraining order or some other action will be taken to keep you safe.

#### **Keeping Your Property Safe:**

- Install a **safety lock** or **tracker** on your laptop.
- Do not leave your bag unattended.
- Mark your belongings.

#### **Strangers:**

- **Never** let a stranger into the building.
- Report that you see a stranger in the building to your staff and/or Campus Police, if the stranger is hanging around or exhibiting questionable and/or suspicious behavior.

### **Parking Lots:**

- Always keep your car **locked** when not in use.
- If sitting in your vehicle, make sure the vehicle is **locked**.
- Have your keys readily available, while walking to your car.
- Have someone accompany you when walk to your car at dusk or in dimly lit areas.
- Check the backseat of your vehicle before entering your vehicle.
- Park as close as you can to your destination.

## **TITLE IX**

### **SEXUAL HARASSMENT AND OTHER SEXUAL MISCONDUCT:**

CSU endeavors to foster a university-wide climate free from sexual and gender – based harassment, dating violence, domestic violence, sexual assault, and stalking; through training, education, prevention programs and through policies and procedures that promote prompt reporting, timely, fair and impartial investigation and adjudication. Further, CSU endeavors the resolution of sexual misconduct cases in a manner that eliminates the sexual misconduct, prevents its recurrence, prohibits retaliation, and addresses its effects.

### **OFFICE OF TITLE IX COMPLIANCE:**

The Office of Title IX Compliance (Title IX Office) is committed to a working and learning environment free from sexual misconduct and gender-based discrimination and administers the policies and procedures prohibiting and addressing sexual misconduct. We work collaboratively with other offices and student organizations as well as off-campus service providers to address reported misconduct and provide education to the campus community. By educating the community and appropriately addressing concerns, the office strives to reduce the impact and trauma of sexual violence by promoting accountability and treating all students and employees with dignity, respect, and sensitively.

To that end, the Title IX Office facilitates educational programs in collaboration with Residence Life, Academic Affairs, Center for Counseling and Student Development, the Student Conduct and Community Standards offices, respectively, to educate and increase awareness of the Student Code of Conduct, Title IX, Campus SAVE Act, Violence against Women Act, and preventive strategies to

help safeguard from sexual harassment, gender-based discrimination, and sexual violence in the campus community. More specifically, CSU partners with third party vendor, Get Inclusive, to provide the *Voices for Change* Title IX training module to all new and incoming students, which defines Title IX definitions and reviews key aspects such as consent, impact of alcohol/other drugs in sexual activity, risk reduction strategies, and bystander intervention. This web-based training offered to students, along with participation in New Student Orientation during the summer, are designed to heighten students' awareness of Title IX in compliance with state and federal mandates. Further, employees are required to participate in Title IX/Sexual Harassment training called *Meridians Title IX Training* by Get Inclusive, every two years, and within 60 days for new hires. The course covers the following: definitions of sexual misconduct and consent; identifying problematic behaviors in the workplace and classroom; learning techniques to address problematic situations, behaviors, and opinions; applying active listening skills; understanding reporting obligations as responsible employees; active bystander intervention and other risk reduction strategies, and identifying available on and off campus resources, among other topics.

Additional dialogue, programs, roundtable discussions, and events on consent, bystander intervention, and sexual violence are also featured throughout the academic year, especially during Domestic Violence Month in October and Sexual Assault Awareness and Prevention Month in April. The Title IX Office partners with community partners such as Turn-Around, Inc., Mercy Hospital Center, and Planned Parenthood to offer education programs that target Resident Assistants, Athletic teams, Student Government Association, and PanHellenic Counsel as part of the University's Title IX programming.

The Title IX Coordinator chairs a Title IX campus work group representing personnel from key campus divisions (Academic Affairs, Administration, Athletics, & Student Affairs) which meets to discuss Title IX/Sexual Misconduct policies, procedures, programs, events, trainings, and other related matters that impact the campus community.

### **New Student Orientation**

All incoming and new students are required to participate in New Student Orientation where they receive training and education regarding definitions of sexual misconduct, sexual assault prevention, reporting a sexual assault, and resources both on and off campus. Additionally, the Title IX Coordinator, Student Conduct, and Public Safety meet with family members and students to answer questions about sexual misconduct policies and to inform students of their rights once they become a Coppin State student. As part of the First Year Experience program and advisement, first year students complete the *Voices for Change* web-based training produced by Get Inclusive as a course requirement.

- Denim Day

Each year in April students, faculty and staff at Coppin State University will make a social statement with their fashion statement and wear jeans on Denim Day. Denim Day is a project of Peace Over Violence—a non-profit, feminist, multicultural, volunteer organization dedicated to building healthy relationships, families, and communities free from sexual, domestic, and interpersonal violence. Denim Day was launched in 1999, in protest of an Italian High Court ruling that overturned a rape conviction because the victim was wearing “tight” jeans. Since then, wearing jeans on Denim Day has become a symbol of protest against erroneous and destructive attitudes about sexual assault.

The program began in 2013 when Coppin State University was the recipient of a mini-grant from The Wright Group to fund the project on campus. Since then, the Counseling Center has sustained the program and with partners from the Title IX Office, student organizations and local agencies such as Turn-Around, Inc., Mercy Hospital Center, Planned Parenthood, and the Maryland Coalition Against Sexual Assault each year on Denim Day. For more information on ways to support Denim Day, visit <http://denimdayinfo.org/about/>

### **RISK REDUCTION TIPS FOR SOCIAL SETTINGS**

The following are some risk reduction and safety tips from RAINN located at [www.rainn.org/articles/staying-safe-campus](http://www.rainn.org/articles/staying-safe-campus) that can help to keep you safe in social settings:

- Make a plan: If you are going out, go with people you trust. Agree to watch out for each other and plan to leave together. If plans change, make sure to touch base with others in your group. Don't leave someone stranded in an unfamiliar or unsafe situation.
- Protect your drink: Don't leave your drink unattended and watch out for your friends' drinks if you can. Take your drink or toss it out when you go to the bathroom or step outside.
- Know your limits: Keep track of how many drinks you've had and be aware of your friends' behavior. If one of you feels extremely tired or more drunk than you should, you may have been drugged. Leave the situation and seek help immediately.
- Make excuses and leave: If you want to leave a place immediately and are concerned about upsetting someone, it's okay to make an excuse. You are never obligated to remain in a situation that makes you feel uncomfortable, pressured, or threatened.
- Be a good friend: Trust your instincts. If you notice something that doesn't feel right, act on it and leave the situation.
- Seek on-campus resources: There are many services on campus to students for free, including the Community Health Center, Center for Counseling and Student Development, and the Title IX Office.

Coppin State University is committed to providing a working and learning environment free from sexual misconduct, including sexual and gender-based harassment, sexual assault, dating violence, domestic violence, sexual exploitation, stalking, and sexual intimidation. CSU prohibits and will not tolerate sexual misconduct. Sexual misconduct is a form of sex discrimination prohibited by State and Federal Laws, including Title IX of the Education Amendments of 1972 as amended ("Title IX") and Title VII of the Civil Rights Act of 1964 as amended, and may constitute criminal activity.

All University Community Members are subject to this policy regardless of sex, sexual orientation gender identity and gender expression. The University community includes all students, faculty, and staff of CSU, as well as third parties and contractors under CSU or CSU institution control. This policy applies to sexual misconduct in connection with: (1) any CSU facility or on any CSU institution property; (2) in connection with any CSU or CSU institution sponsored, recognized or approved program, visit or activity, regardless of location;(3) that impedes equal access to any CSU institution education program or activity or adversely impacts the employment of a member of the University community; or (4) that otherwise threatens the health or safety of a member of the University community. Nothing in this policy is intended to supersede or conflict with and federal compliance obligation.

**DEFINITIONS:**

Under the *Policy and Procedures on Sexual Harassment and Other Sexual Misconduct* (Policy) which can be found at <http://www.coppin.edu/title9>, the following definitions apply:

**“Actual Knowledge”** means notice of Sexual Harassment or allegations of Sexual Harassment to the Title IX Coordinator or any University official who has authority to institute corrective measures on behalf of the University.

**“Advisor”** means a person chosen by a Party to provide advice and consultation to that Party, in accordance with this Policy and Procedures. An Advisor may be an attorney or another individual. An Advisor cannot be a witness or provide evidence in a case. A Party’s Advisor also conducts cross-examination on behalf of that Party at a Hearing, if applicable, in accordance with this Policy and Procedures. An Advisor shall not be an active participant or speak on behalf of a Party except for the purpose of providing cross-examination at a Hearing. If a Party does not have an Advisor, the University will provide without fee or charge to that Party, an Advisor of the University’s choice, to conduct cross-examination on behalf of that Party; an Advisor appointed by the University acts in a confidential capacity on behalf of the Party and is not otherwise involved in the proceedings.

**“Appellate Hearing Officer”** means an individual designated to review decisions concerning responsibility and sanctions, based on the Respondent’s status as a student, staff member, or faculty member. Appellate Hearing Officers shall have had no previous involvement with the substance of the Formal Complaint.

**“Complainant”** means the individual who is alleged to be the victim of conduct that could constitute a violation of this Policy.

**“Consent”** means a knowing, voluntary, and affirmatively communicated willingness to participate in a particular sexual activity or behavior. Only a person who has the ability and capacity to exercise free will and make a rational, reasonable judgment can give Consent. Consent may be expressed either by words and/or actions, as long as those words and/or actions create a mutually understandable agreement to engage in specific sexual activity. It is the responsibility of the person who wants to engage in sexual activity to ensure that the person has Consent from the other party, and that the other party is capable of providing Consent.

- Lack of protest or resistance is not Consent. Nor may silence, in and of itself, be interpreted as Consent. For that reason, relying solely on non-verbal communication can lead to misunderstanding.

- Previous relationships, including past sexual relationships, do not imply Consent to future sexual acts.

- Consent to one form of sexual activity cannot automatically imply Consent to other forms of sexual activity.

- Consent must be present throughout sexual activity and may be withdrawn at any time there is confusion as to whether there is Consent or whether prior Consent has been withdrawn, it is essential that the participants stop the activity until the confusion is resolved.

- Consent cannot be obtained by use of physical force or Sexual Coercion.

- An individual who is Incapacitated is unable to give Consent.

**“Day”** means a business day when the University is not closed.

**“Education Program or Activity”** means all the University’s operations (including but not limited to employment); locations, events, or circumstances over which the University exercises substantial control over both the Respondent and the context in which the Prohibited Conduct occurs; and also includes any building owned or controlled by a student organization that is officially recognized by the University.

**“Formal Complaint”** means a Document filed by a Complainant or signed by the Title IX Coordinator alleging Prohibited Conduct against a Respondent and requesting that the University proceed with the resolution process. A Formal Complaint may be filed with the Title IX Coordinator in person, by mail, by e-mail, or any additional method designated by the University in accordance with the Procedures.

**“Document filed by a Complainant”** means a document or electronic submission that contains the Complainant’s physical or digital signature, or otherwise indicates that the Complainant is the person filing the Formal Complaint. Where the Title IX Coordinator signs a Formal Complaint, the Title IX Coordinator is not a Complainant or otherwise a Party.

**“Hearing”** means a live, formal proceeding attended by the Parties in which evidence is presented, witnesses are heard, and cross-examination occurs, prior to the Hearing Officer’s decision concerning responsibility and Sanctions, if applicable.

**“Hearing Officer”** means an individual designated to preside over the Hearing and has decision-making and sanctioning authority within the adjudication process.

**“Incapacitated”** means an individual’s decision-making ability is impaired such that the individual is incapable of understanding the “who, what, where, why, or how” of their sexual interaction/encounter. A person may be Incapacitated if they are asleep, unconscious, coming in and out of consciousness, being physical restrained by another person or device (e.g., handcuffs, rope, tape), or any other state where the individual is unaware that sexual contact is occurring. Incapacitation may also exist because of a temporary or permanent mental or developmental disability that impairs the ability to Consent to sexual contact. Alcohol or drug use is one of the primary causes of Incapacitation. Being “drunk” or “high”, by most individuals’ understanding, is not the same as being Incapacitated. Because the impact of alcohol or other drugs varies from person to person, evaluating whether an individual is Incapacitated, and therefore unable to give Consent, requires an assessment of whether the consumption of alcohol or other drugs results in a person being unable to:

- make decisions about the potential consequences of sexual contact;
- evaluate one’s own conduct;
- communicate to another person, Consent to sexual contact; or
- communicate an unwillingness to another person, to engage in sexual contact.

**“Informal Resolution”** means a broad range of conflict resolution strategies, including, but not limited to, mediation, Respondent acknowledgement of responsibility, and/or negotiated interventions and remedies.

**“Investigator”** means a professionally trained University faculty member, staff member, or third-party contractor designated to conduct an impartial, fair, and unbiased investigation into an alleged violation of this Policy.

**“No Contact Order”** means an official directive that serves as notice to an individual that the individual must not have verbal, electronic, written, or third-party communications with another individual.

**“Party”** means the Complainant or the Respondent (collectively, the “Parties”).

**“Preponderance of Evidence”** means that it is more likely than not that a Policy violation has occurred.

**“Remedies”** means actions designed to restore or preserve the Complainant’s equal access to the University’s Education Program or Activity. Remedies are similar to Supportive Measures but may be punitive and burden the Respondent.

**“Respondent”** means the individual alleged to have engaged in Prohibited Conduct under this Policy.

**“Responsible Employee”** means all University administrators, supervisors, faculty members, CSUPD, athletic coaches, athletic trainers, and resident assistants, who are not confidential resources.

**“Sanctions”** means disciplinary and other consequences imposed on a Respondent who is found to have violated this Policy.

**“Support Person”** means a person chosen by the Complainant or Respondent to provide emotional, logistical, or other kinds of assistance. The Support Person is a non-participant who is present to assist a Complainant or Respondent by taking notes, providing emotional support and reassurance, organizing documentation, or consulting directly with the Party in a way that does not disrupt or cause any delay. A Support Person shall not be an active participant or a witness, and the Parties must speak for themselves.

**“Supportive Measures”** mean non-disciplinary, non-punitive individualized services offered as appropriate, as reasonably available, and without fee or charge to the Complainant or the Respondent to restore or preserve equal access to Education Programs or Activities without unreasonably burdening the other party, including measures designed to protect the safety of all parties or the University’s educational environment, or to deter Prohibited Conduct under this Policy.

### **PROHIBITED CONDUCT**

This Policy prohibits Sexual Harassment, Other Sexual Misconduct, and Retaliation as set forth below. Prohibited Conduct can occur between strangers or acquaintances, including people involved in an intimate or sexual relationship. Prohibited Conduct can be committed by any person, regardless of gender identity, and can occur between people of the same or different sex, sexual orientation, or gender expression.

**A. Sexual Harassment** means conduct on the basis of sex that satisfies one or more of the following:

  - f. **Statutory Rape:** Non forcible sexual intercourse with a person who is under statutory age of consent.
- (4) **Dating Violence:** Violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the Complainant. The existence of such a relationship shall be determined based on a consideration of the following factors:
- (1) the length of the relationship;
  - (2) the type of relationship; and
  - (3) the frequency of interaction between the persons involved in the relationship.
- (5) **Domestic Violence:** Felony or misdemeanor crimes of violence committed by a current or former spouse or intimate partner of the Complainant, by a person with whom the Complainant shares a child in common, by a person who is cohabitating with or has cohabitated with the Complainant as a spouse or intimate partner, by a person similarly situated to a spouse of the Complainant under the domestic or family violence laws of Maryland, or by any other person against an adult or youth Complainant protected from that person's acts under the domestic or family violence laws of Maryland.
- (6) **Stalking:** Engaging in a course of conduct directed at a specific person that would cause a reasonable person to (1) fear for their own safety or the safety of others; or (2) suffer substantial emotional distress.

- (2) **Sexual Coercion:** The use of unreasonable pressure in an effort to compel another individual to initiate or continue sexual activity against the individual's will. A person's words or conduct are sufficient to constitute Sexual Coercion if they wrongfully impair another individual's freedom of will and ability to choose whether or not to engage in sexual activity. Sexual Coercion includes but is not limited to intimidation, manipulation, express or implied threats of emotional or physical harm, and/or blackmail. Examples of Sexual Coercion include but are not limited to causing the deliberate Incapacitation of another person; conditioning an academic benefit or employment advantage on submission to the sexual contact; threatening to harm oneself if the other party does not engage in sexual contact; or threatening to disclose an individual's sexual orientation, gender identity, gender expression, or other personal sensitive information if the other party does not engage in the sexual contact.

- (c) other behavior of a sexual or gender-based nature where:
  - (i) submission to such conduct is made either explicitly or implicitly a term or condition of an individual's employment, evaluation of academic work, or participation in a university-sponsored educational program or activity;
  - (ii) submission to or rejection of such conduct by an individual is used as the basis for an academic, activity or program participation decision affecting that individual; or
  - (iii) such conduct has the purpose or effect of unreasonably interfering with an individual's academic or work performance, i.e., it is sufficiently severe or pervasive to create an intimidating, hostile, humiliating, demeaning, or sexually offensive working, academic, residential, or social environment.

**C. Retaliation** means intimidating, threatening, coercing, or discriminating against, or otherwise taking an adverse action against an individual for the purpose of interfering with any right or privilege secured by law or University policy relating to Prohibited Conduct, or because an individual has made a report, filed a complaint, testified, assisted, participated or refused to participate in any manner in an investigation, proceeding, or hearing related to Prohibited Conduct. Adverse actions include but are not limited to impeding an individual's academic advancement; terminating, refusing to hire, or refusing to promote an individual; or transferring or assigning an individual to a lesser position in terms of wages, hours, job classification, or job security. Retaliation includes retaliatory harassment. Adverse actions, including charges against an individual for violations of other University policies that do not involve sex discrimination or Prohibited Conduct, but arise out of the same facts or circumstances as a report or complaint of sex discrimination, or a report or complaint of Prohibited Conduct, for the purpose of interfering with any right or privilege secured by law, constitutes Retaliation. However, charging an individual with a violation of other University policies for making a materially false statement in bad faith in the course of a proceeding does not constitute Retaliation, provided that a determination regarding responsibility, alone, is not sufficient to conclude that any Party made a materially false statement in bad faith. The exercise of rights protected under the First Amendment does not constitute Retaliation. The University will keep confidential, to the extent permitted by the Family Educational Rights and Privacy Act (FERPA), the identity of any individual who has made a report of Prohibited Conduct.

The University does not have jurisdiction to investigate reported incidents involving members of the Campus community that occurred prior to the individual being enrolled at or employed by the University when the incident did not occur on campus or otherwise in connection with a University Education Program or Activity. The University may, however, be able to assist individuals with Supportive Measures where such an incident is reported.

The Title IX Coordinator is responsible for coordinating the University's efforts to comply with Title IX and this Policy. The Title IX Coordinator leads, coordinates, and oversees the University's efforts regarding compliance training, prevention programming, and educational programs. The Title IX Coordinator is available to meet with any student, employee, or third party to answer any questions about this Policy.

Any person may also report Prohibited Conduct to a Responsible Employee (RE) including but not limited to Coppin State University Police Department (CSUPD), or to a confidential

resource. See Section on Confidential Resources of this Policy for more information on reporting to confidential resources.

A **Responsible Employee** must promptly notify the Title IX Coordinator of any report of Prohibited Conduct brought to their attention.<sup>1</sup> The Title IX Coordinator works collaboratively with the reporting party or entity, making every effort to operate with discretion and maintain the privacy of the individuals involved. No employee (other than CSUPD) is authorized to investigate or resolve reports of Prohibited Conduct without the involvement of the Title IX Coordinator.

Concerns of bias or a potential conflict of interest by any member involved in the resolution process should be raised with the Title IX Coordinator. Concerns involving bias or conflict of interest by the Title IX Coordinator will be addressed to the General Counsel to the President or designee.

All persons are encouraged to report Prohibited Conduct promptly in order to maximize the University's ability to obtain evidence, identify potential witnesses, and conduct a thorough, prompt, and impartial investigation. While there are no time limits to reporting Prohibited Conduct, if too much time has passed since the incident occurred, the delay may result in loss of relevant evidence and witness testimony, impairing the University's ability to respond and take appropriate action.

## **B. Reporting to the Police**

Prohibited Conduct, particularly Sexual Assault, may be a crime. The University will assist Complainants who wish to report Prohibited Conduct to law enforcement authorities, including CSUPD 24 hours a day/7 day a week. Representatives of the Office of Student Conduct and Residence Life are available to assist students with reporting to CSUPD. However, Complainants may decline notifying law enforcement.

To report to CSUPD, please call 410-951-3911. CSUPD will also assist Complainants in notifying other law enforcement authorities in other jurisdictions, as appropriate; and can also assist with transportation to the nearest hospital for appropriate medical attention. In an emergency, regardless of where the incident occurred, **Call 911**.

Standards for a violation of criminal law are different from the standards for a violation of this Policy, and conduct may violate this Policy even if law enforcement authorities decline to prosecute. Complaints of Sexual Harassment and Other Sexual Misconduct and related internal University processes may occur prior to, concurrent with, or following criminal proceedings off campus.

CSUPD are Responsible Employees under this Policy and are required to notify the Title IX Coordinator of any report of Prohibited Conduct.

---

<sup>1</sup> University employees may have additional reporting obligations under *VI-1.50(A) Coppin State University Policy on the Reporting of Suspected Child Abuse and Neglect*

### **C. Preservation of Evidence for Other Proceedings**

In addition to prompt reporting, the preservation of physical and other evidence may be important to prove criminal conduct or to obtain a civil or criminal order of protection. Individuals who have been sexually assaulted may find it helpful to visit the following site for recommendations about evidence preservation: <https://bmoresafemercy.org/for-patients>. Complainants are encouraged to seek medical assistance in cases of sexual assault or misconduct. Mercy Hospital, located on 300 St. Paul Street, Baltimore, Maryland in the Emergency Department at (410) 332-9494, provides a Sexual Assault Forensic Examination (SAFE) free of charge and provides medical care and the collection of evidence that may be used in future criminal prosecution. The SAFE program does not require a filing of a police report.

### **D. Clery Act Timely Warnings**

If a report of Prohibited Conduct discloses a serious and ongoing threat to the Campus community, CSUPD may issue a timely warning of the conduct in compliance with the Clery Act in the interest of the health and safety of the campus community. This notice will not contain any personally identifying information related to the Parties.

### **Confidential Resources**

Confidential resources on and off campus assist Parties in navigating potential advocacy, therapy, counseling, and emotional support services. If a person desires to keep an incident of Prohibited Conduct confidential, the person should speak with confidential resources.

Disclosures or reports made to individuals or entities other than confidential resources may not be confidential. For instance, should a member of the Campus community discuss an incident of Prohibited Conduct with a University administrator, supervisor, faculty member, CSUPD, athletic coach, athletic trainer, resident assistant, or first responder who is not a confidential resource, those persons are deemed Responsible Employees and, as such, are obligated pursuant to this Policy to report the Prohibited Conduct to the Title IX Coordinator.

Unless there is a lawful basis for disclosure, such as reported child abuse or an imminent risk to health or safety, confidentiality applies when persons seek services from the following resources:

### **Training for Personnel Involved in Response and Resolution**

All persons involved in responding to or resolving Prohibited Conduct reports will participate in training in handling complaints of Prohibited Conduct under this Policy. The University will make these training materials publicly available on its website.

The University will ensure that Title IX Coordinators, Investigators, Hearing Officers, Appellate Hearing Officers, and any person who facilitates an Informal Resolution process, receive training on the following: the definition of Prohibited Conduct; the scope of the University's Education Program or Activity; how to conduct a resolution process including investigation, Hearings, appeals, and Informal Resolution, as applicable; how to serve impartially, including by avoiding prejudgment of the facts at issue, conflicts of interest, and bias; technology to be used at a live hearing; and issues of relevance of questions and evidence, including when questions and evidence about the Complainant's sexual predisposition or prior sexual behavior are not relevant. Any materials used to train Investigators will not rely on sex stereotypes and will promote impartial resolutions of Formal Complaints under this Policy.

**DISCIPLINARY PROCEEDINGS FOR SEXUAL MISCONDUCT**

According to the *Coppin State University Procedures for Investigating and Resolving Allegations of Sexual Harassment and Other Sexual Misconduct*, the Title IX Compliance Office (TIXO) oversees and manages the disciplinary procedures for incidents of dating violence, domestic violence, sexual assault, and stalking. They are outlined, in part, as follows. For the full disciplinary procedures, go to <http://www.coppin.edu/title9>.

**Anticipated Timelines**

The University's goals are to provide equal educational opportunities, promote campus safety, and remedy the effects of Prohibited Conduct. Good faith efforts will be made to complete Informal Resolutions, investigations, and the adjudication process, if any, in a prompt, fair, and impartial manner. The Title IX Compliance Office (TIXO) will conduct any investigation as promptly as possible under the circumstances, taking into account the complexity of the allegations, the complexity of the investigation and resolution, the severity and extent of the alleged misconduct, the number and availability of witnesses, the University's calendar, and/or other unforeseen circumstances. The University seeks to take appropriate action, including investigation and resolution of Formal Complaints, generally within (120) Days, by balancing principles of thoroughness and fundamental fairness from when the Formal Complaint is filed. An extension of the referenced timeframe may be required for good cause to ensure the integrity and thoroughness of the investigation.

The Title IX Coordinator or designee may extend the time frames set forth in this Policy and Procedures for good cause, with written notice of the extension to both Parties and the reason(s) for the delay. Written requests for delays by Parties may be considered. Factors considered in granting or denying an extension may include considerations such as, but not limited to, the following: the absence of a Party, a Party's Advisor, or a witness and/or the need for language assistance or accommodations of disabilities.

**Right to Support Person and Advisor**

A Party may be accompanied at any meeting held by the Title IX Coordinator or designee under these Procedures by up to two (2) people, including one (1) Support Person, and one (1) Advisor.

When a Party wishes to be accompanied by a Support Person or Advisor to a meeting, the Party must notify the Title IX Coordinator or designee in advance. Parties may select a Support Person or Advisor at any point before the conclusion of the resolution process.

Throughout the process, the Title IX Coordinator or designee will communicate and correspond directly with the Parties, not indirectly through a Support Person or Advisor.

## **Report Intake and Formal Complaint**

### **A. Receipt of Report of Prohibited Conduct**

Upon receipt of a report alleging Prohibited Conduct from a Complainant, the TIXO will provide written acknowledgement of receipt of the report to the Complainant, if known, and include (1) a copy of the Policy and Procedures, (2) options under the resolution process, and (3) notice of Rights and Responsibilities. The Complainant will be informed of available community and campus resources and services; Supportive Measures as specified in Section III. C of these Procedures; their right to a Support Person; their right to an Advisor; their right to file a report with law enforcement; and the University's prohibition against Retaliation.

If the report is received from a third party, meaning someone who is not the Complainant or the Respondent, the TIXO will provide written acknowledgement of receipt of the report and take appropriate action as the information provided allows.

Receipt of a report alleging Prohibited Conduct shall not constitute the filing of a Formal Complaint under this Policy.

As explained more fully below, the Complainant may: (1) ask the TIXO to take no further action beyond offering Supportive Measures; or (2) file a Formal Complaint.

### **B. Intake and Initial Assessment of Report**

The TIXO will contact the Complainant to conduct an intake and initial assessment, which will determine whether the reported conduct, if substantiated, would constitute a potential violation of this Policy. The Complainant can choose whether or not to participate with the intake and initial assessment process. If the Complainant opts not to participate, the TIXO may be limited in its ability to assess the report. The Complainant will have an opportunity to ask questions about options and resources and seek additional information. The TIXO will attempt to gather information that will enable the TIXO, in consultation with other appropriate University offices, to:

1. Assess a complainant's request for Supportive Measures;
2. Assess the nature and circumstances reported;
3. Assess jurisdictional concerns regarding each Party;
4. Assess the safety of the Complainant and of the University community;
5. Implement any appropriate Supportive Measures;
6. Assess for pattern evidence or other similar conduct by the Respondent as relevant to the safety assessment;

7. Assess the Complainant's expressed preference regarding resolution, including any request that no further action be taken;
8. Assess any request by the Complainant for confidentiality or anonymity; and
9. Assess the reported conduct for possible referral to CSUPD for a timely warning under the Clery Act.

When the initial assessment determines the alleged conduct would not constitute a potential violation under this Policy if substantiated, the Title IX Coordinator may try to resolve an issue without the filing of a Formal Complaint. The alleged conduct may also violate other University policies, and the report may be referred to another University process and/or office, including but not limited to the following: *COPPIN STATE UNIVERSITY Non-Discrimination Policy*, the Office of Student Conduct, Human Resources, and/or Academic Affairs, as appropriate.

### **C. Supportive Measures**

The TIXO, in consultation with other appropriate University officials, facilitates Supportive Measures, which are available to the Parties upon receiving a report or Formal Complaint alleging Prohibited Conduct. The TIXO will consider the Parties' wishes with respect to planning and implementing the Supportive Measures. The TIXO will maintain the reasonable confidentiality of the Supportive Measures, provided that this does not impair the ability to provide the Supportive Measures. The TIXO will act to ensure as minimal an academic and employment impact on the Parties as possible and implement Supportive Measures in a way that does not unreasonably burden either Party.

Supportive Measures include, but are not limited to:

#### **Academic Accommodations**

- Assistance in transferring to another section of a lecture or laboratory
- Assistance in arranging for incompletes
- Assistance with leave of absence
- Assistance with withdrawal from coursework
- Assistance with withdrawal from campus
- Assistance with communicating with faculty
- Rearranging class schedules
- Re-scheduling exams
- Extensions of academic deadlines
- Re-taking a course
- Dropping a course
- Academic support such as tutoring or other course/program related adjustments
- Facilitating adjustments so Complainants and Respondents do not share same classes

#### **Housing Accommodations**

- Facilitating changes in on-campus housing location to alternate housing
- Assistance in exploring alternative housing off-campus

#### **Employment Accommodations**

- Arranging for alternate University employment

- Arranging different work shifts temporary assignment, if appropriate, to other work duties and responsibilities, or other work locations, or other work groups/teams or alternative supervision/management

#### **University Referrals**

- Referral to Visa and Immigration assistance
- Assistance in arranging appointments with university resources
- Assistance with exploring changes in class and extra-curricular schedules

#### **Other**

- No Contact Order

The TIXO will promptly inform the other party of any Supportive Measures that will directly impact that party.

The Title IX Coordinator or designee retains discretion to provide and/or modify any Supportive Measures based on all available information. Supportive Measures will remain ineffect as necessary.

### **D. Filing of a Formal Complaint**

A Formal Complaint alleging Prohibited Conduct against a Respondent may be filed with the Title IX Coordinator in person, by mail, or by electronic mail, by using the contact information listed in Section IV of the Policy.

Should the Complainant decide to file a Formal Complaint, the Title IX Coordinator will review the Formal Complaint and determine whether it should be dismissed or move into the resolution process(see Section III.F of these Procedures).

#### **E. Special Considerations: Requests for Anonymity and to Not Proceed**

If a Complainant does not wish to disclose their personally identifiable information (i.e., wishes to remain anonymous) and/or does not wish to file a Formal Complaint, the Complainant may make such a request to the Title IX Coordinator or designee. Regardless of their choice, the Title IX Coordinator or designee will still offer Supportive Measures to the Complainant as appropriate. The Complainant retains the ability to file a Formal Complaint at any time.

The Title IX Coordinator has ultimate discretion over whether the University proceeds, and the Title IX Coordinator may sign a Formal Complaint to initiate the resolution process when appropriate. The Title IX Coordinator's decision to sign a Formal Complaint will be based on whether:

1. An investigation is needed to comply with legal anti-discrimination requirements or is otherwise the most appropriate and effective response;
2. The effect that non-participation by the Complainant may have on the availability of evidence and the ability to pursue the resolution process fairly and effectively; and/or
3. A violence risk assessment shows a compelling risk to health and/or safety which requires the University to pursue formal action to protect the University community. A compelling risk to health and/or safety may result from any combination of the following:
  - a) Evidence of patterns of misconduct;
  - b) Predatory conduct, threats, abuse of minors;
  - c) Allegations that the Prohibited Conduct was committed by multiple persons; and/or
  - d) Use of weapons and/or violence.

When the Title IX Coordinator signs the Formal Complaint, the Title IX Coordinator does not become the Complainant and is not otherwise a Party.

Overall, the University's ability to remedy and respond to the Formal Complaint may be limited if the Complainant does not want the University to proceed with the resolution process. The goal is to provide the Complainant with the opportunity to file a Formal Complaint and participate while balancing the University's obligation to protect its community.

#### **F. Designation of Prohibited Conduct and Dismissal of Formal Complaint**

Upon receipt of a Formal Complaint, the Title IX Coordinator or designee will promptly send a *Written Notice of Designation* simultaneously to both Parties of:

1. Its decision about whether to designate the alleged conduct as Title IX-based Prohibited Conduct, and the reasons for this decision;

2. Its decision to proceed with the resolution process or to dismiss the Formal Complaint as described below<sup>2</sup>; and
3. The Parties' rights to appeal the designation and/or dismissal decision.

#### Title IX-based Prohibited Conduct

The Title IX Coordinator or designee ***must*** designate the alleged conduct as Title IX-based Prohibited Conduct if:

1. The alleged conduct would constitute Sexual Harassment within an Education Program or Activity against a person in the United States if substantiated; and
2. The Complainant is participating or attempting to participate in an Education Program or Activity at the time the Complainant files a Formal Complaint, or the Title IX Coordinator files a Formal Complaint because the alleged conduct meets the above definition.

#### Mandatory Dismissal

The Title IX Coordinator or designee ***must*** dismiss a Formal Complaint or any allegations therein if, at any time during the Resolution Processes it is determined that:

1. The conduct alleged in the Formal Complaint, if substantiated, would not constitute Prohibited Conduct; or
2. The allegations in the Formal Complaint do not fall within the University's jurisdiction.

#### Permissive Dismissal

The Title IX Coordinator or designee ***may*** dismiss a Formal Complaint or any allegations therein if, at any time during the Resolution Processes:

1. A Complainant notifies the Title IX Coordinator or designee in writing that the Complainant requests to withdraw the Formal Complaint or any allegations therein; or
2. The Respondent is no longer enrolled in or employed by the University; or
3. Specific circumstances prevent the University from gathering evidence sufficient to reach a determination as to the Formal Complaint or allegations therein.

### **G. Appeal of Designation and/or Dismissal**

Either Party may appeal the *Written Notice of Designation*. The bases for appeal are limited to procedural irregularity, new evidence, and conflict of interest as explained in Section IV.D.5.a of these Procedures. The process for the appeal is set forth in Section IV.D.5.b of these Procedures.

---

<sup>2</sup> Dismissal under this Policy and Procedures does not preclude a referral to another University process and/or office, as appropriate.

## **Resolution Processes**

### **A. Consolidation of Complaints**

At the discretion of the Title IX Coordinator or designee, multiple reports may be consolidated into one Informal Resolution and/or investigation if the information related to each incident is relevant in reaching a resolution. Matters may be consolidated where the matters involve multiple Complainants, multiple Respondents, or related facts and circumstances involving the same Parties, including those arising out of the same or different events(s).

### **B. Informal Resolution Process**

Informal Resolution may serve to address the alleged Prohibited Conduct as an alternative to proceeding to an investigation and Hearing. Informal Resolution can encompass a variety of approaches agreed to by the Parties including, but not limited to, mediation, Respondent acknowledgement of responsibility, and/or negotiated interventions and Remedies facilitated by the Title IX Coordinator or designee.

The purpose of Informal Resolution is to take appropriate action by imposing individual and community interventions and remedies designed to maximize the equal access to the Education Program or Activity, as well as to address the effects of the conduct on the larger University community.

#### **1. Request for Informal Resolution**

Either Party may request Informal Resolution, including their preferred approach of reaching a resolution, such as mediation, Respondent acknowledgement of responsibility, and/or negotiated interventions and Remedies. Both Parties and the Title IX Coordinator or designee must agree to the process in writing. Either Party may terminate an ongoing Informal Resolution at any time prior to reaching an agreement.

The Title IX Coordinator or designee has the discretion to determine whether a Formal Complaint is appropriate for Informal Resolution and which resolution approach is best utilized given the specifics of the Formal Complaint. The Title IX Coordinator or designee retains discretion to terminate an ongoing Informal Resolution process at any time, at which point the Title IX Coordinator or designee will determine appropriate next steps. The Title IX Coordinator or designee will inform both Parties simultaneously in writing of the reason(s) for terminating an Informal Resolution process.

#### **2. Informal Resolution Not Permitted**

Although the Title IX Coordinator or designee retains discretion to determine whether a Formal Complaint is appropriate for Informal Resolution in other cases, Informal Resolution is not permitted under the following circumstances:

- a. Formal Complaints by a student alleging Sexual Harassment against an employee(staff or faculty); or

- b. Formal Complaints alleging Sexual Assault or Sexual Coercion.

### **3. Informal Resolution Permitted**

When Informal Resolution is utilized, the process is voluntary and is not a requirement or condition of continued enrollment or employment at the University.

In such case, Parties will receive a written *Notice of Informal Resolution* containing the following:

- a. Summary of the allegations;
- b. Notice that neither Party is required to accept responsibility for the alleged Prohibited Conduct, unless a Respondent chooses to do so;
- c. Notice that there is no finding of a Policy violation or Sanction unless agreed to by the Respondent;
- d. Notice that agreement to Informal Resolution is not a waiver of right to proceed with an investigation and Hearing;
- e. Notice that until an Informal Resolution agreement is finalized, the Parties may, at any time, opt out of Informal Resolution, at which point the Formal Complaint would proceed or resume to investigation and Hearing, as appropriate;
- f. Notice of any potential consequences resulting from participating in the Informal Resolution process, including that records will be maintained or could be shared;
- g. Notice about the reasonable confidentiality restrictions of the Informal Resolution process;
- h. Notice that if an Informal Resolution agreement is finalized and implemented, it precludes the Parties from resuming investigation and adjudication of a Formal Complaint arising from the same allegations; and
- i. Notice that the results of Informal Resolution are not eligible for appeal.

### **4. Mediation and Other Informal Resolution**

Informal Resolution, including mediation, must be conducted by a trained facilitator who guides the Parties in a confidential dialogue to reach an effective resolution, if possible. The trained facilitator may be internal or external to the University depending on the needs of the specific case as determined by the Title IX Coordinator or designee. Sanctions are not possible as a result of Informal Resolution unless the Parties agree to accept Sanctions and/or appropriate Remedies.

### **5. Negotiated Informal Resolution Interventions and Remedies**

If agreed to by the Parties and determined appropriate by the Title IX Coordinator or designee, the following Informal Resolution interventions and Remedies may be utilized, including but not limited to:

- a. Increased monitoring, supervision, and/or security at locations or activities where the Prohibited Conduct occurred or is likely to reoccur;

- b. Targeted or broad-based educational programming or training for relevant individuals or groups;
- c. Academic and/or housing modifications for either Party;
- d. Workplace modifications for either Party;
- e. Completion of projects, programs, or requirements designed to help the Respondent manage behavior, refrain from engaging in Prohibited Conduct, and understand why the Prohibited Conduct is prohibited;
- f. Compliance with a No Contact Order;
- g. Compliance with a Denial of Access;
- h. Completion of community service hours over a specific period of time; and
- i. Separation from the University.

The Title IX Coordinator or designee will work with the Offices of Student Conduct, Human Resources, and/or Provost/Faculty Affairs as needed to facilitate such negotiated interventions and Remedies.

## 6. **Completion of Informal Resolution**

When an Informal Resolution agreement is reached and the terms of the agreement are implemented, the matter is resolved and closed. Appeals by either Party is not permitted. The Title IX Coordinator or designee is responsible for ensuring compliance with the agreement.

In cases where an agreement is not reached and the Title IX Coordinator or designee determines that further action is necessary, or if either Party fails to comply with the terms of the Informal Resolution, the matter may be referred for an investigation and adjudication under these Procedures, as appropriate.

The Parties will be provided with a written copy of the terms of the Informal Resolution agreement. The Title IX Coordinator or designee will maintain all records regarding Informal Resolution.

## 7. **Respondent Acceptance of Responsibility**

The Respondent may accept responsibility for all or part of the alleged Policy violation(s) at any point during the resolution process. If the Respondent wishes to accept responsibility, the Title IX Coordinator may initiate the Informal Resolution process if permitted, after obtaining both Parties' voluntary, written consent, and after providing the required *Notice of Informal Resolution* if it has not already been provided.

Any remaining allegations that are not resolved through the Informal Resolution process may proceed to investigation or Hearing, as appropriate.

## C. **Investigation Process**

When investigating a Formal Complaint, the procedures below will be utilized. However, at any time prior to reaching a determination regarding responsibility, an Informal Resolution may occur if appropriate conditions are satisfied (see Section IV.B of these Procedures).

## 1. Presumption of Not Responsible

Respondents are presumed not responsible for any and all allegations until the conclusion of the investigation and adjudication process. The University provides the Parties with the written determination following any appeal if an appeal is filed, or if an appeal is not filed, on the date on which an appeal would no longer be considered timely.

## 2. Notice of Rights and Responsibilities

The Complainant and Respondent are required to review and sign their *Notice of Rights and Responsibilities*. The Title IX Coordinator or designee will verify that the Parties have received, reviewed, and signed their *Notice of Rights and Responsibilities* and have been provided with a copy of the Policy and Procedures to ensure the Parties have adequate information about the investigation and adjudication.

The Title IX Coordinator or designee will also ensure that both Parties have had an opportunity to ask and receive answers to any questions.

The *Notice of Rights and Responsibilities* will include but are not limited to the following:

- a. Right to be treated with dignity and respect by all University officials;
- b. Right for information to only be shared with others on a need-to-know basis in order to facilitate a resolution;
- c. Right to be informed of available Supportive Measures;
- d. Right to be informed of available community and campus resources and services;
- e. Right to a Support Person and/or an Advisor;
- f. Right to regular updates on the status of the investigation and/or resolution; and
- g. Prohibition against Retaliation and guidance about reporting any retaliatory conduct.

## 3. Notice of Investigation

The Parties will be provided a written *Notice of Investigation*, which will include the following:

- a. The University's complete Policy and Procedures as set forth herein;
- b. The allegations of Prohibited Conduct as defined by the Policy;
- c. Identities of the Parties involved, if known;
- d. Date(s), location(s), and time(s) of the alleged incident(s), if known;
- e. Statement that the Respondent is presumed not responsible for the alleged conduct and that a determination regarding responsibility is made at the conclusion of the adjudication process;
- f. Parties may have an Advisor of their choice, who may be an attorney;
- g. If Parties do not select an Advisor of their choice, the University will provide a trained Advisor for purposes of performing cross-examination on behalf of that Party at the Hearing;
- h. Parties may have a Support Person of their choice;
- i. Advisement that knowingly making false statements or knowingly submitting

- false information during the investigation and adjudication process is prohibited under Section XII of the Policy;
- j. If the University decides to investigate additional allegations about either Party that are not in the original notice, the Parties will receive an amended notice containing the additional allegations; and
  - k. The range of potential Sanctions associated with the alleged Prohibited Conduct.

#### **4. Role of the Investigator**

The Title IX Coordinator or designee will designate an Investigator(s) from the TIXO and/or an external Investigator to conduct a prompt, thorough, fair, and impartial investigation.

#### **5. Overview of the Investigation**

##### **a. Standard of Proof**

The standard of proof for a determination of responsibility under this Policy is Preponderance of the Evidence (i.e., determining whether it is more likely than not that the alleged conduct occurred). The burden of proof and the burden of gathering evidence sufficient to reach a determination regarding responsibility remain with the University and not on the Parties.

##### **b. Evidence**

The investigation is an impartial fact-gathering process. It is an important stage of the process in which both Parties have an opportunity to be heard regarding the Formal Complaint. During the investigation, the Investigator will speak separately with both Parties and any other individuals who may have relevant information. No audio or video recording of any kind is permitted during such interviews. The Parties will each have an equal opportunity to present witnesses -including fact and expert witnesses (at their own expense) – and any other relevant evidence.

Evidentiary materials, regardless of relevance, may be provided by a Party; however, the Investigator will determine whether and how the evidence and witnesses submitted by the Parties are directly related to the allegations and whether and how that information will be factored into the investigation. The Investigator will also gather any available physical evidence or documents, including prior statements by the Parties or witnesses, communications between the Parties, email messages, text messages, social media materials, and other records, as appropriate and available.

The University does not restrict the ability of Parties to discuss allegations that have been reported or to gather and present evidence. However, the University has a compelling interest in protecting the integrity of the resolution process, protecting the privacy of Parties and witnesses, and protecting Parties and witnesses from harassment, intimidation, or Retaliation during the resolution process. To further these goals, witnesses and Parties are encouraged to limit their sharing of information about a matter (including the allegations, the identities of the Parties and witnesses, and the questions asked in interviews) while the resolution process is ongoing. Parties and

witnesses are also cautioned not to discuss the allegations in a manner that constitutes Retaliation or unlawful conduct.

**c. Special Considerations**

Information related to the prior sexual history of either Party is generally not relevant to the determination of a Policy violation. However, prior sexual history between the Parties may be relevant in very limited circumstances. For example, where there was a prior or ongoing consensual relationship between the Parties, and where Consent is at issue in the case at hand, evidence as to the Parties' prior sexual history as it relates to Consent may be relevant to assess the manner and nature of communications between the Parties. However, the mere fact of a current or previous dating or sexual relationship, by itself, is not sufficient to show Consent under the Policy. Sexual history will never be used for purposes of illustrating either Party's individual character or reputation. The Investigator will determine the relevance of prior sexual history and inform the Parties if information about the Parties' sexual history with each other is deemed relevant.

The University cannot access, consider, disclose, or otherwise use a Party's record(s) that are made or maintained by a physician, psychiatrist, psychologist, or other recognized professional or paraprofessional acting in the capacity thereof or assisting in that capacity, and which are made and maintained in connection with the provision of treatment to the Party. However, a Party can provide voluntary, written consent to use the above-mentioned material for the investigation and adjudication. Consent shall be specifically limited to the information provided. At no time shall consent be construed as consent to access any other information in the Party's records.

The Investigator will not use, require, allow, rely upon, or otherwise use questions or evidence that constitute, or seek disclosure of, information protected under a legally recognized privilege, unless the person holding such privilege has waived the privilege.

**d. Draft Investigation Report**

At the conclusion of the investigation, the Investigator will compile a written investigation report (the *Draft Investigation Report*) that provides a case timeline, appropriately summarizes the information gathered (including, but not limited to, the names of witnesses and summaries of their statements), and evidence that is directly related to the Formal Complaint.

**e. Notice of Opportunity to Review the Draft Investigation Report**

Before the investigation report is complete, the Parties will be given an equal opportunity to review and meaningfully respond to the *Draft Investigation Report*. The Title IX Coordinator or designee will also send to the Party, and the Party's Advisor if applicable, all evidence obtained that is directly related to the Formal Complaint, including evidence upon which the University does not intend to rely in reaching a determination regarding responsibility, and inculpatory or exculpatory

evidence, whether obtained from a Party or other source, for inspection and review. Parties will have ten (10) Days to review the *Draft Investigation Report* and submit a written response, including comments, information, and/or questions to the Title IX Coordinator or designee. If there is any new or additional information to be provided by either Party, it must be presented to the Investigator at this time.

If further investigation is warranted based on the Parties' written responses, the Investigator will continue the investigation, as needed. The Investigator will consider the Parties' written responses prior to completing the *Final Investigation Report*.

**f. Final Investigation Report**

Upon timely receipt of the Parties' written responses, after any further inquiry deemed necessary by the TIXO following receipt of the Parties' written responses, or after the ten (10) Day review period has lapsed with no written responses, the investigation ends. The Investigator will complete the *Final Investigation Report*. The *Final Investigation Report* will contain summaries of all relevant information obtained throughout the course of the investigation and analysis of fact.

The Title IX Coordinator or designee will submit the *Final Investigation Report* to the Hearing Officer.

**D. Adjudication Process**

**1. Review of Final Investigative Report**

- a. Following completion of the *Final Investigation Report*, the Title IX Coordinator or designee will meet separately with each Party.
- b. At the meeting, the Title IX Coordinator or designee will provide each Party with a confidential copy of the *Final Investigation Report*, including all attachments, and explain the next steps in the process.
- c. Each Party will be allowed ten (10) Days to submit a written response to the *Final Investigation Report*, which will be considered by the Hearing Officer. Exceptions may be made during times when the University is not in session or in other circumstances. All written responses will be shared with the other Party prior to the Hearing.
- d. In order to protect the privacy of all individuals involved, all materials shared with the Parties are considered confidential and should not be publicly disclosed or released.

**2. Hearing Procedures**

- a. A Hearing date will be provided to the Parties at least five (5) Days in advance of the Hearing. Hearing dates are scheduled in consultation with the Parties whenever possible.

- b. If a Party does not have an Advisor present at the Hearing, the University will provide one free of charge for the purpose of conducting cross-examination on behalf of that Party. Parties seeking an Advisor from the University must notify the Title IX Coordinator or designee at least 48 hours prior to the hearing if an Advisor is needed, so that the TIXO may ensure that one will be available for the hearing.
- c. There may be one Hearing Officer or up to three Hearing Officers who are trained and will conduct the Hearing.
- d. The University will notify all witnesses interviewed during the investigation of the date and time of the Hearing. The Hearing Officer(s) may also request the presence of witnesses.
- e. The Hearing Officer(s) may conduct the Hearing with all Parties and witnesses physically present in the same geographic location or, with any or all Parties, witnesses, and other participants present at the Hearing virtually, with technology enabling participants simultaneously to see and hear each other.
- f. At either Party's request, the University will provide the Parties with separate rooms (including separate virtual rooms if the Hearing is held virtually) and use technology enabling the Hearing Officer(s) and Parties to simultaneously see and hear the Party or the witness who is answering a question.
- g. All Hearings are closed to the public.
- h. Hearings will be recorded by the University. No other recordings are permitted. Recordings are maintained by the University. Parties may submit a written request to inspect and review the recording.
- i. All evidence subject to the Parties' inspection and review as explained in Section IV.C.5.f of these Procedures will be available at the Hearing to give each Party equal opportunity to refer to such evidence during the Hearing, including for purposes of cross-examination. The Investigator will summarize the *Final Investigation Report* and clarify any information in the *Final Investigation Report*.
- j. Each Party may provide a brief opening statement.
- k. Each Party's Advisor will be provided an opportunity to cross-examine the other Party and any witnesses. Questioning will be conducted directly, orally and in real time by the Party's Advisor only. Parties may not question each other or witnesses directly.
- l. Before a Complainant, Respondent, or witness answers a cross-examination or other question, one of the Hearing Officer(s) must first determine whether the question is relevant and explain any decision to exclude a question as not relevant. All relevant questions and follow-up questions, including those challenging the credibility of Parties and witnesses, will be allowed.
- m. Questions and evidence about the Complainant's sexual predisposition or prior sexual

- behavior are not relevant, unless such questions and evidence:
- i. Are offered to prove that someone other than the Respondent committed the conduct alleged by the Complainant; or
  - ii. Concern specific incidents of the Complainant's prior sexual behavior with respect to the Respondent and are offered to prove Consent.
- n. Questions and evidence about the Respondent's prior sexual history with an individual other than a Party to the proceedings may only be considered if the evidence:
- i. Proves prior sexual misconduct;
  - ii. Supports a claim that a Party has an ulterior motive; or
  - iii. Impeaches a Party's credibility after that Party has put their own prior sexual conduct in issue.
- o. The Hearing Officer(s) may not consider a Party's records that are made or maintained by a physician, psychiatrist, psychologist, or other recognized professional or paraprofessional acting in the professional's or paraprofessional's capacity, or assisting in that capacity, and which are made and maintained in connection with the provision of treatment to the Party, unless the University obtains that Party's voluntary, written consent.
- p. The Hearing Officer(s) may not consider any questions or evidence about a student's history of mental health counseling, treatment, or diagnosis, unless the student consents.
- q. The Hearing Officer(s) may not consider questions or evidence that constitute, or seek disclosure of, information protected under a legally recognized privilege, unless the person holding such privilege has waived the privilege.
- r. The Hearing Officer(s) cannot draw an inference about the determination regarding responsibility based solely on a Party's or witness's absence from the Hearing or refusal to answer cross-examination or other questions.
- s. Parties will have the option to provide written impact statements to the Hearing Officer(s) on the day of the Hearing, which will be reviewed and considered for purposes of sanctioning.
- t. Each Party will have the opportunity to make a brief closing statement.

### 3. **Written Notice of Determination**

A Hearing Officer will provide the Parties with a *Written Notice of Determination* at the same time. The *Written Notice of Determination* will include:

- a. Identification of the allegations at issue;
- b. A description of the procedural steps taken throughout the case;
- c. Findings of fact supporting the determination;
- d. Conclusions regarding application of the Policy to the facts;
- e. A statement of, and rationale for, the determination for each allegation;

- f. A statement of, and rationale for, any Sanctions imposed on the Respondent, and whether any Remedies will be provided to the Complainant, as set forth in more detail below; and
- g. A description of the procedures and permissible grounds for appeal.

#### 4. **Disciplinary Sanctions, Remedies, and Other Responsive Actions**

The University may take responsive action based on a determination of responsibility for a violation of the Policy. Responsive action is intended to eliminate Prohibited Conduct, prevent its recurrence, and promote accountability while supporting the University's educational mission and legal obligations. Responsive action may include Sanctions, Remedies, or other responsive action including rehabilitation, educational, restorative, or monitoring components.

## 5. Appeals

### a. Bases for Appeals

Either Party may initiate this appeal process when the Party receives a *Written Notice of Designation* or a *Written Notice of Determination*. Appeals must be submitted in writing to the Title IX Coordinator within five (5) days of receipt of the *Written Notice of Designation* or the *Written Notice of Determination*. Appeals are limited to the bases listed below.

#### i. Procedural Irregularity

- In all cases, the procedural irregularity must be material to the outcome of the designation or the written determination.
- A procedural irregularity affecting the designation, or the written determination may include: a failure to follow the University's procedures; a failure to objectively evaluate all relevant evidence, including inculpatory or exculpatory evidence; or a determination regarding what evidence was excluded as irrelevant.

#### ii. New Evidence

- New Evidence is evidence that was not reasonably available at the time the designation or written determination was made, that could affect the outcome.
- Evidence presented prior to the time the designation or written determination is issued does not qualify as new evidence that was not reasonably available.

#### iii. Conflict of Interest

- The Title IX Coordinator or designee, Investigator, or Hearing Officer(s) had a conflict of interest or bias for or against Complainants or Respondents generally or the individual Complainant or Respondent that affected the designation or written determination.
- Claims of conflict of interest or bias should be based on the current case and process in question and will be assessed accordingly.

#### iv. Substantially Disproportionate Sanction (Applicable ONLY to *Written Notice of Determination*)

- The Sanction set forth in the written determination is substantially disproportionate to the facts of the particular Policy violation.

Appeals will be reviewed by the designated Appellate Hearing Officer for all appeals of designations or written determinations under these Procedures. The Appellate Hearing Officer will be determined in accordance with the Respondent's status, as explained below. The Appellate Hearing Officer shall be free from conflict of interest or bias and shall not be the same person who reached the determination regarding the designation or the written determination, the Investigator, or the Title IX Coordinator. All Appellate Hearing Officers will have had no previous involvement with the case that the Appellate Hearing Officer are assigned to review.

- Appeals involving a student Respondent shall be reviewed by one member of trained Appellate Hearing Officers designated by the Office of Student Conduct.
- Appeals involving a staff Respondent shall be reviewed by the Vice President for Administration and Finance (VPAF) or designee. The VPAF or designee will appoint staff members available to serve as trained Appellate Hearing Officers. Appeals by staff Respondents will be assigned to one such Appellate Hearing Officer on a rotating case basis.
- Appeals involving a faculty Respondent shall be reviewed by the Provost and Vice President of Academic Affairs (Provost/VPAA) or designee. The VPAA/Provost or designee will appoint faculty members available to serve as trained Appellate Hearing Officers. Appeals by faculty Respondents will be assigned to one such Appellate Hearing Officer on a rotating case basis.

## **b. Appellate Process**

The appellate process following a *Written Notice of Designation* or *Written Notice of Determination* will proceed as follows:

- ii. Parties will have five (5) Days from receipt of a *Written Notice of Designation* or *Written Notice of Determination* to submit a written appeal statement challenging the decision.
- iii. Parties will be notified if the other Party files a written appeal statement and given notice in writing of the general grounds for the appeal. The other Party will be given five (5) Days from receipt of the other Party's written appeal statement to submit a written appeal statement in support of the designation or written determination.
- iv. The Title IX Coordinator or designee shall coordinate the scheduling of the Appellate Hearing Officer and notify the Parties of the date of the appeal deliberation.
- v. The appeal deliberation is closed to the parties.
- vi. The Appellate Hearing Officer will issue a written decision including its rationale which decision shall be shared with both Parties, within five (5) Days of the deliberations.
- vii. The Appellate Hearing Officer may: (1) affirm the designation or written determination; (2) overturn the designation or written determination; or (3) remand the case to remedy procedural errors or to consider new evidence.
- viii. The written decision by the Appellate Hearing Officer is final and is not subject to further appeal.
- ix. After the adjudication process is concluded or when the time for filing an appeal has expired and neither Party has submitted an appeal, the Title IX Coordinator or designee shall notify the Parties simultaneously of the final outcome of the adjudication process.
- x. The determination regarding responsibility for a violation of the Policy becomes final either on the date that the University provides the Parties with the written decision of the result of the appeal if an appeal is filed, or

if an appeal is not filed, on the date after which an appeal would no longer be considered timely, subject to any remanded proceedings.

**6. Academic Transcripts and Effect of Withdrawal on Student Respondents**

Sanctions of expulsion and suspension are permanently noted on a student Respondent's academic transcript. When a student Respondent requests their transcript prior to the completion of the resolution process, the existence of a pending investigation is also noted. In the event a Respondent chooses to withdraw from the University prior to the resolution of a Formal Complaint, or where the Respondent declines to participate in the University proceedings under the Policy and Procedures, the University will continue the resolution process in accordance with the Procedures. When a Respondent withdraws before the conclusion of the resolution process, the Respondent is ineligible to return to the University until the resolution process has concluded.

**7. Post-Resolution Follow-Up**

After any Sanction and/or Remedies are issued, if the Complainant agrees, the Title IX Coordinator or designee may periodically contact the Complainant to ensure the Prohibited Conduct has ended and to determine whether additional Remedies are necessary. The Complainant may decline future contact at any time. The Title IX Coordinator or designee may periodically contact the Respondent to assure compliance with the intent and purpose of any Sanction and/or Remedies that have been imposed. Any violation by a Respondent of the intent and purpose of any Sanction and/or Remedies imposed under the Policy, or a failure by a university employee to provide specified Sanctions or Remedies should be reported to the TIXO.

The Complainant and Respondent are encouraged to provide the Title IX Coordinator or designee with feedback about their experience with the process and recommendations regarding ways to improve the effectiveness of the University's implementation of the Policy and Procedures.

# Annual Fire SAFETY Report 2022

## **ANNUAL FIRE SAFETY REPORT:**

Upon discovering smoke, fire or flames in any campus building, occupants should immediately activate the fire alarm system and then evacuate the building and if it is not already active by pulling the nearest fire alarm pull station. Do not use elevators to exit. If safe, close doors, windows and turn off lights as you are leaving. Exit the building and proceed at least 100 feet away from the building. Campus has designated assembly points for evacuees. Once at a designated assembly point or other safe location at least 100 feet away from the building, call 911 if the Fire Department or Campus Police is not already on the scene.

All building occupants are expected to cooperate in evacuating each building when a fire alarm is sounded. Individuals who do not cooperate with a building evacuation will be subject to disciplinary action. Students, guests, and visitors must evacuate the residence hall when a fire alarm sounds. Tampering with, disconnecting or obstructing fire alarm bells, smoke detectors or other fire equipment is prohibited, and violators may be subject to prosecution and/or arrest, and/or dismissal from the residence hall. Fire emergency doors can be used to exit buildings only in an emergency and should remain closed at all other times. Any fire, no matter how small or even if the fire is extinguished, should be reported at once to a resident's assistant or a resident's hall Director, and Campus Police. Appropriate action will be taken based on the situation. Fire drills will be scheduled and conducted each semester.

Fire and safety regulations prohibit possession and/or use of potentially dangerous material or devices including but not limited to, firecrackers, firearms, ammunition, weapons, knives, bows and arrows, Chinese stars, candles, open flame devices, kerosene stoves, microwaves, explosive materials and/or fire safety hazards.

Tampering with fire alarm horns, smoke detectors pull stations, extinguishers, fire evacuation ladders, sprinklers and fire equipment is prohibited. This is considered a very serious violation subject to arrest.

- Fire safety and sanitation requirements prohibit cooking in any area within the residence hall, except in designated kitchen area.
- Lighted grills and fires are not permitted within 30 feet of the building. Live cut plants (Christmas trees, corn stalks, etc.) are prohibited.
- Items dropped from the ceiling or walls such as flags, net, etc. are prohibited.
- Electrical heaters, extension cords, hot plates, etc. are not permitted in residence halls or suite/rooms.
- Coppin State University is a smoke-free campus. Smoking is not permitted in any facility.

## **FIRE EQUIPMENT**

**MARYLAND STATE LAW PROHIBITS THE INDISCRIMINATE USE OF FIRE ALARMS OR LIFE SAFETY EQUIPMENT. INDISCRIMINATE USE OF FIRE ALARMS OR LIFE SAFETY EQUIPMENT WILL PLACE YOU IN A SERIOUS LEGAL AND DISCIPLINARY SITUATION WITH THE UNIVERSITY AND CIVIL AUTHORITIES.**

Fire alarms and life safety equipment are located on each floor of the Residence Hall for your protection. Tampering with life safety equipment is a very serious matter and will result in university disciplinary action and possible criminal prosecution.

The State of Maryland and the University prohibit tampering, removal of, setting off, or damage to fire and life safety equipment, fire alarm systems or sprinklers in any University building when no fire or immediate danger of fire exists. In the absence of mitigating or extraordinary circumstances, a sanction of suspension or expulsion may be imposed on a student found guilty of improper use of fire alarm or life safety equipment.

## **FIRE EVACUATION PROCEDURES**

When an alarm sounds, evacuate the building immediately.

1. Feel your room door or doorknob. If either is hot, **DO NOT OPEN**. Call Campus Police, and signal rescue personnel out your window. Seal the cracks around your door with a wet towel (if able).
2. Take keys, shoes, and a towel. Walk- **DO NOT RUN**- to the nearest safe exit. Close your door behind you.
3. **DO NOT** use the elevator.
4. **DO NOT** enter areas if thick or heavy smoke is present.
5. Exit the building and go to the designated gathering area.
6. **DO NOT** return to the building until told to do so by campus police or Housing Staff.
7. If you do not evacuate the building, you will be fined \$25.00 for each occurrence.
8. Each time the fire alarm is pulled the entire building (or just the responsible person when known) will be fined \$500.00.

## **SMOKE DETECTORS**

All Residence Hall rooms are equipped with a smoke detector and heat sensor. Do not place any decorations or furniture near these devices as that impairs the operation of the unit. If you hear a smoke detector alarm, contact the Campus Police, the RA, and or the Hall Director, immediately. The burning of items such as candles and incense is not permitted in the Residence Hall. 22

## WATER SPRINKLER HEADS

The sprinkler heads that are on the ceiling of each room are very sensitive.

**DO NOT HANG ARTICLES ON THIS EQUIPMENT;** doing so could cause major problems for which you will be held responsible.

### **DALEY HALL FIRE EMERGENCY PREPAREDNESS PLAN:**

#### **Daley Hall Fire Safety System:**

- The fire alarm system in Daley Hall is equipped with a smoke detector and a sprinkler system.
- Once the fire alarm is activated, there will be an audible horn sounding with flashing lights. These flashing lights are only visible in the hallways. However, each lounge and bedrooms have audible alarms.
- Daley Hall has a sprinkler system throughout the building, in the event a fire takes place, the system will be activated to suppress a fire. Each suite entry door is rated as a fire door. Fire doors are designed to stop or slow down the spread of fire, smoke, and toxic fumes from one section of a building to another and it also allows the building's occupants the chance to exit safely. Daley Hall's fire doors can withstand damage for at least 1 1/2 hours and each bedroom door can withstand damage up to 1/2 an hour.
- There is also egressing lighting on an emergency generator.
- Each floor hallway has a fire extinguisher, and the floor lounge has one also.
- Elevators shall not be used during fire emergencies.
- Daley Hall's emergency plan is identical to that of Demond Hall's. Evacuation of Daley Hall is unique

- 1<sup>st</sup> Fl. Northwest exit - Front door.
- 2<sup>nd</sup> Fl. - Northeast exit – Inside laundry room.

### **EVACUATION POLICIES AND PROCEDURES FOR DISABLED RESIDENTS**

Residents with Disabilities: If your mobility is impaired due to a temporary or permanent disability, it is your responsibility to inform your Residence Life Director of your name, room number, and nature of disability, this is to include auditory impairments. This information will be placed on a list that will be given to the fire department in an emergency. If smoke or flame prevents you from leaving the building or your room, open the windows from the top and bottom to let the heat out and fresh air in; Hang a bed sheet or piece of clothing out of the window to attract attention; Wave a flashlight at night. Residents and staff may assist you with evacuation only when this will not place them in danger. Your rescue will be the first priority of the responding Baltimore City Fire Department Units. Environmental Health and Safety recommends that staff and CSU students should assist any resident with a disability by ensuring that he/she is aware of the evacuation alarm. However, this is not encouraged if this places the employee/student in personal harm or danger. Examples of personal harm or danger include remaining in the building, returning to a floor once

you are in a smoke-free stairwell, entering burning or smoky rooms, or passing through such areas. Once outside, employees and students are asked to immediately notify emergency personnel of any person(s) remaining in the building.
